SMART MARINE CO., LTD.

Introduction

Introduction

Government with port authority is regulating entrance and clearance of shipping for native environment protection.

The latest marine transportation business is suffering difficult to government's shipping control and a lack of superior manpower. So, shipping line accommodates these situation and entrust management in the specially proprietary company for reduction of expenditure. This management technique is recognized to basic of shipping management.

We are securing rich manpower such as know-how accumulated more than 25years in business spot, shipping management experience. And we are constructing economical and efficient the crew & shipping management, safety system. We are managing domestic & foreign shipping general item and safety.

Furthermore we provide harbor service regarding the safety of shipping services for a variety of ships and every other kind of ship entering into Korean port. We also offer convenience to shipowners, technical supporting for ships, and various other services for safe and effective shipping.
